Bathrooms: Porta potties will only be stationed at select parks if the Covid 19 emergency is revoked; not likely. Liaison Marker: possibility that bathrooms will come either way with assistance of HOPE team & Multnomah County Sheriff Office

5. PELFREY PARK-

Chair Dolphin wanted update on Pelfrey Park survey.

Hollie identified spinning & swings as popular; Scout noted that tire swings are very popular; Carolanne reminded PRAC that we're tasked with replacing play structure & swings. We discussed different play structures & swings – settling on *Twin Towers*. Lynnia moved to propose a modified smaller *Twin Towers* play structure be sent to City Council(in emails after the meeting, we have discussed how *Twin Towers* is too large and had to start fresh on our play structure), Hollie seconded. Voted on unanimously. Lynnia wanted to know if we can use existing swing bays with added tire swing and to get price on that. Group wanted to meet on site with GameTime rep. (we've since met with GameTime rep Martha on site and have decided to go another direction)
